

Name: Manish Hyongoju

Project Title: Brick ordering system

Project Details

1. This Project will allow users to register for ordering of bricks.
2. This Project shall allow users to view the detail description of particular brick among various bricks.
3. The Project shall present an option to limit the search by specifying category based on types or rating.
4. The client or the users can also check for the nearest and best brick factory from their location.
5. This project will also allow users to have an option to have their ordered brick delivered or not.
6. The gas suppliers can manually add the orders received through phone or email.
